A

01

Payment Category Setup

The bank creates and manages the available payment categories on My-Uni-Pay. Each category contains the relevant payment details, including the account name, account number, amount, and payment description.

02

Select Payment

The student browses the available payment categories and selects the payment they wish to make. The app displays all relevant payment information before the student proceeds.

03

Make Transfer

The student makes a bank transfer from their preferred banking platform using the payment details provided by My-Uni-Pay. The student then submits the transaction reference through the app.
